

*Innovative Solutions for
Handicap Committees*

GolfHITS is a USGA® VASP and proud partner of Chelsea Reservations for providing clubs with the industry's first and only Handicap Committee specific tools to record, track, report, and manage players using a standardized web application. We provide clubs with the ability to dynamically generate a variety of reports, and manage player notices following the USGA® Handicap guidelines.

Solutions for Handicap Committees:

The Club Handicap volunteers are key in managing fair play. Their role requires countless hours each week in managing, tracking, recording, preparing for, and corresponding with club members.

GolfHITS provides your club with the industry's first and only Handicap Committee specific tools to record, track, report, and manage players with the click of a mouse... simplifying your Club Handicap volunteers role and lessening the time asked of them!

System features include:

1. Generate player reports such as:
 - 'Did Not Post' for a list of those who played but did not post a score
 - 'No Tee Time' for a list of those who posted a score without a t-time
 - 'Always Posts' for rewarding those that never miss a beat
 - 'Played vs. Posted' snapshot count of members who played vs. posted
 - 'Notice' snapshots of member correspondence
2. Record, manage, and automatically send USGA® recommended notices for each player
3. Auto communicator options for sending mass emails
4. Custom report filters and notice templates

- **Increased Quality!**
- **Reduced Time!**
- **Customized Solutions!**

Call us today for a demo and let us help you spend more time on the course and less time in the office!
